

Student Placement Policy

Sunny Socks Nursery School welcomes individuals who are part of an accredited qualification course, or who are participating in a schools work experience program. The breadth of experience that visiting students are expected to participate in will be a true reflection of the duties that an experienced Nursery Practitioner would undertake on a day to day basis.

Procedures:

Students are expected to conduct themselves professionally throughout their stay, and will work under supervision at all times.

The children's welfare is paramount and students will not be put in a position, or given any direct responsibilities that would compromise the quality of care or safety to themselves and the children.

Students will undertake a rigorous induction program.
